

Advent Candle Song
Composed by Catherine Black
November 2025

Chorus

Advent's here so let us sing,
Lighting candles on the ring.
Advent candles flickering bright,
Bring us from Darkness to the light.

Advent 1

One is for Hope as we listen to God's call,
His promises waiting, for us all.
Advent candles flickering bright,
Bring us from Darkness to the light.

Advent 2

Two for us all as we stand for Peace,
Praying that wars and turmoil cease.
Advent candles flickering bright,
Bring us from Darkness to the light.

Advent 3

Three is for Joy, there's much to be found.
From deep within and circling all around.
Advent candles flickering bright,
Bring us from Darkness to the light.

Advent 4

Four is for loving, spread His love through you and me,
Loving our neighbours, our friends and family.
Advent candles flickering bright,
Bring us from Darkness to the light.

Christmas Day

Five is for Jesus, our Saviour and our King,
Hosannah, Hallelujah, the heavenly angels sing.
Advent candles flickering bright,
Bring us from Darkness to the light.
