

Advent Candle Song
Composed by Catherine Black
November 2025

Chorus (to be sung at the beginning and at the end of lighting)

Advent's here so let us sing,
Lighting candles on the ring.
Advent candles flickering bright,
Bring us from darkness to the light.

Advent 1

Light for God's people, waiting to hear,
Hoping, praying, removing our fear.
Advent candles flickering bright,
Bring us from darkness to the light.

Advent 2

Light for the Prophets showing us the way,
Listen to their words, hear what they say.
Advent candles flickering bright,
Bring us from darkness to the light.

Advent 3

Light for John the Baptist, preparing for the Lord,
Baptising, saving us, spreading God's word.
Advent candles flickering bright,
Bring us from Darkness to the light.

Advent 4

Light for Mother Mary, Blessings from above,
Trusting with faith and bringing God's love.
Advent candles flickering bright,
Bring us from darkness to the light.

Christmas Day

Light for blessed Jesus, our Saviour and our King,
Hosannah, Hallelujah, the heavenly angels sing.
Advent candles flickering bright,
Bring us from darkness to the light.
